

About Charutar Vidya Mandal & CVM University

Late Sardar Vallabhbhai Patel's vision took place on the eve of independence. Late Shri Bhaikaka and Bhikhubhai Saheb enthusiastically received the vision of Shri Sardar Vallabhbhai Patel and Charutar Vidya Mandal's seed germinated for the welfare of society in different arena such as Education, Health, Printing, etc. CVM boasts of its societal responsibility by facilitating higher education to about 20000 students every year and thus contributing back to the society as the proud moment and accomplishment. CVM University rich with the heritage of Charutar Vidya Mandal was established on 26th September, 2019 under the dynamic leadership of Er. Bhikhubhai B. Patel. The vision is to impart Gyan, Vigyan and Pragyan to young generations and making them globally competitive for learning for better tomorrow. With a focus on online education and the support to the move towards smart city, CVM University strives for making youth learn for better tomorrow, enlighten the future generations by providing them fruitful knowledge and wisdom, inspire them for innovations, make them think out of the box as well add to their legacy of knowledge. With a well-designed architecture for each of its institutions, huge playground, auditorium, hostel, several canteens and rich human resources, the twin campuses of CVM at Vallabh Vidyanagar and New Vallabh Vidyanagar are shining examples of an institution serving the community in the field of education with focus on overall development of its prospects and thus contributing to the improvement of the quality life of the people.

About CTEF

The Council for Teacher Education Foundation, Gujarat Chapter (CTEFG) established under the first presidentialship of Dr. B. P. Lulla under the umbrella of Council for Teacher Education, India. Since 2008 CTEFG is functioning under dynamic leadership of Prof. R. G. Kothari and trying its level best to fulfill the objectives of CTEF, India as well. Various programmes for professional development of teachers like Seminars, Workshops, Training programmes, Publication of Books are part of CTEFG. Apart from this, CTEFG is running Bi-annual e-Journal "EduInspire- An International e-Journal" with ISSN-2349-7076. For more information about CTEFG please visit our website www.ctegujarat.org

About Waymade College of Education (WMCE)

Since Teacher component is a very much crucial in the development of individual and the society, Charutar Vidya Mandal (with 49 group of colleges, schools, training centres and Hospitals) a renowned institution known as CVM established Waymade College of Education in 2004 which is now a constituent college in Faculty of Education, CVM University. The courtesy and good wishes expressed through generous donation by Shri Bhikhubhai Patel and Shri Vijaybhai Patel has created the state-of-the-art institute. The vision of this English Medium Teacher Education Institution serves to prepare young teachers contribute towards development of knowledge and skilled society. Along with the idea of happy and successful living, the goal of the Faculty of Education (including B.Ed., M.Ed. and Ph.D.) remains to preserve, advance and transmit the values, culture, peace and humanity through education and thus add to the society the committed and concerned classroom practitioners. With the essence of roots of Indian culture, the institute carries out various processes to make trainee teachers understand the process of education and make them globally competent with ethos for societal well-being. Whereas with the application of technology in education, the faculty adds wings to the trainee teacher simultaneously with value education, it strengthens their roots. The practices at the institute that ensures the exposure of innovative and effective learning experiences enabled these teachers to be placed across the globe. With various course on peace education, human rights, educational concerns of constitution and the various healthy practices such as career guidance and placements, self-appraisal & self-regulations, transparent & participatory governance, bridge course, enhancing soft skills, web 2.0 ICT learning, material productions, blended teaching & learning, holistic development, peer counselling and tutoring makes trainee students confident and capable to sustain in this changing world of Education and thus prepares them for life. Moreover, it also incorporates the shift that are coming up in the Education and prepare trainee teachers to accept and adapt those shifts and contribute to the societal reconstruction.

National Conference on

Prospects & Implementation of NEP 2020

Friday, 1st October, 2021

Jointly Organised by
Waymade College of Education
&
Council for Teacher Education Foundation

Address

Bakrol-Vidyanagar Road
Vallabh Vidyanagar - 380 120
Dist. Anand, Gujarat - India
91-2692-230050

About Conference : Dr. Radhakrishnan strongly believed that nation cannot be built just by bricks but it requires nurturing and nourishing the minds of the young people. With this idea to serve as the basis for nation building, we might agree that making citizens better will automatically make the nation a better place to live in, for which education is must. So, what is Education? Is it mere bookish learning? Is it diverse knowledge? According to Swami Vivekananda education is the manifestation of the divine perfection already existing in man. With this idea of education and the nation building we stress on the opportunities that enhance the basic life skills which is hardly taught anywhere in the world to the young minds. With the fact that the young blood possesses the most fertile brains of any nation; to tap into such brains, we wish to focus on revolutionizing the current classroom teaching environment.

“We want that Education by which character is formed, strength of mind is increased, the intellect is expanded, and by which one can stand on one's own feet”, is what Swami Vivekananda believes can bring about this transformation. If only we change the focus of our education from fact collecting and mark getting to character building, our country will produce statesmen and our Nation will be glorious once again.

When India is facing challenges from all corners, be it, economic front, cultural front, and other areas of human welfare and happiness the newly introduced National Education Policy 2020 can be a turning point to bring transformational changes into educational process and its purpose which in turn can resolve the other challenges too. With this basis, this national conference likely to be held both online & offline will serve the following objectives.

Objectives of the Seminar:

- ◆ To mobilize intellectuals on a platform for nation building through education
- ◆ To acknowledge the efforts in the direction of nation building through Education
- ◆ To analyze the scope and challenges of Education in nation building

Theme : Prospects & Implementation of NEP 2020

Sub-themes:
